Digital Media Year in News Assignment

Just like the Google "Year in Search" video, you are going to make your own video highlighting what you find to be the most newsworthy events that have happened this year. Choose 5-7 events that have happened that your find newsworthy. You can use the chromebooks to look up events if you need help thinking of things.

Brainstorm some events:

Put a star next to the 5-7 events you want to include in your project.

Making your video
Go to Powtoon.com on your chromebooks. Sign up for an account - you will need access to your email address to verify the powtoon account. Use the video making software to create a short video that includes your events. You can use pictures, text or voiceover for you videos, be creative!

Explaining your Events
Along with your video, you will turn in a written explanation of each event. Tell me:
1. What event you included
2. Why you believe it is one of the most important news events of 2018
